To whom it may concern,

We are the owners of a holiday rental property at Agnes Water. It is called Seachange Loft and this property is managed by Beaches of 1770 Real Estate.

Jo Evans has been the property manager of our holiday house for the past 12 months. She has been very interested in looking after the property and maintaining its attractive and comfortable condition. She has completed periodic inspections and has made us aware of anything amiss or in need of repair. She has always been obliging and helpful with the general running of the property.

Jo is an excellent communicator and is very easy to get along with. She organises cleaning, lawn maintenance and tradesmen for the property. Jo has been excellent in organising holiday rentals for the house and has attracted increased returns for us as owners. We are very comfortable with Jo as our property manager and have no hesitation in recommending her to other prospective property owners.

Yours sincerely,

Pat and Rosemary Curran. (phone 0741284891 or 0437441146)
